

### About Your Seminar Leader

Susan Hentz has been an educator for twenty-six years working with students from infancy

through adulthood. She currently consults nationally and internationally with educators, administrators, and staff developers to assist schools in providing quality educational programs to improve student achievement. Her interactive workshops provide tools that support effective teaching and learning. She has presented nationally on various topics and "Best Practices" in the field of education. Susan has been recognized as a Sarasota County Model Classroom Teacher, is a member of Who's Who in American Education, was awarded the Sarasota County Council for Exceptional Children Teacher of the Year, as well as the Florida Council for Exceptional Children Teacher of the Year.

### Bring Training Seminars to Your School or District
